A healthy relationship is established between the Village and the College and each group successfully completed their work as per scheduled. The outcome of the work and service rendered to the Phulpui village will be published in a book form.

Future Prospect:

Since the work is confining to the preliminary investigation of the village concentrating mainly on documentation, Phulpui village, therefore, is again selected as 'PUC Adopted Village' for the year 2013 -2014 aiming to emphasize more on service to the village.
