Donate your blood for a reason, let the reason be life.

Honourable health minister of Mizoram, Dr. R Lalthangliana kicked off the program, he gave a speech and mentioned how grateful he was that students of the college had the initiative to donate their precious blood. He spoke about how the present generation were the future of the nation and their contribution would be appreciated in different walks of life. Dr. Lalhmingliani blood bank officer addressed the gatherings, she highlighted about the importance of donating blood and how there have been times when the blood donated in our college have been used in emergency cases and have saved many lives. She talked about the past when there had been a sense of fear surrounding blood donation, but now, she was glad that there are so many young people willing to donate blood. She also spoke about taking care of our health so that we may continue to be blood donors. She ended her speech saying that the audience was fortunate to be blood donors that day instead of being recipients. Principal Prof. H Lalthanzara also delivered a speech, the program was chaired by Dr. K Vanlaldinpuia PO.
